CASE NO.
8105

SUPPLEMENTAL ORDER

On September 16, 1981, South Hopkins Water District ("District"), by counsel, filed its Motion in the above case requesting that the Commission enter a supplemental Order making the rates set forth in Appendix A to the Commission's Order entered July 17, 1981, effective immediately rather than on and after the date of the issuance of the water revenue bonds as heretofore ordered.

In support of the Motion the District states, among other things, that according to the best information available, the issuance of its water revenue bonds will not be made prior to November 1981 or later and should the District continue operating under its present charges the result would be a further loss thereby placing the District in a precarious financial condition.

The Commission, having considered the Motion and being advised, HEREBY ORDERS that said Motion be and it hereby is sustained and the District be and it hereby is authorized to place into effect for service rendered on and after the date of this Order the rates prescribed in Appendix A to the Commission's Order entered July 17, 1981.

Done at Frankfort, Kentucky, this 30th day of September 1981.
